

**CONGRATS  
ON YOUR JEWELRY!**

Your Herff Jones College Class Jewelry, given reasonable care, will endure for a lifetime of wonderful memories. It was hand-crafted through hours of patient artistry and skill and has been inspected for superior craftsmanship and quality.

## **We Make the Following Limited Lifetime Warranty**

Herff Jones fully warrants your ring, pendant, and simulated birthstone to be free from defects in workmanship and/or material. Herff Jones will repair any such defects or replace the jewelry without charge. If your ring or pendant cannot be repaired or replaced under the above terms, a refund will be allowed. This warranty gives you specific legal rights; you may also have other rights which may vary from state to state.

For any necessary repairs under this warranty, simply contact your local Herff Jones office or Herff Jones Warranty Services who will process your repair request.

## **Lost Ring Program**

For the period extending six years from the date of purchase, the Lost Ring Program (LRP) is designed to help you obtain a replacement ring if your Herff Jones College Class Ring is permanently lost or stolen. The LRP is in effect only for your original ring and has a one-time use policy. Replacement price is a reduced fee adjusted to reflect current precious metal prices. Certain terms and conditions apply.

To order a replacement Herff Jones College Class Ring under the LRP, contact your local Herff Jones office or visit **[herffjones.com/warrantylrp](https://herffjones.com/warrantylrp)** for additional details.

## Care & Cleaning

Your ring has been carefully sized. Since temperature and exercise often affect the size of your finger, we recommend that you wear your ring at least two (2) weeks before you consider a change in the size of the ring. Your ring may feel uncomfortable at first — that is normal.

Even the purest of gold or silver jewelry will tarnish or discolor if subjected to harsh cleaning materials, acids, or alkalines. Your jewelry will return to its original luster if washed with a mild soap and water and finished by buffing with a soft cloth.

**To preserve the beauty and luster of your jewelry,** clean it with mild detergent in lukewarm water and rinse. Dry with a soft cloth. Do not use any brush, sharp instruments, or rough cloths for cleaning.

**To protect your jewelry from permanent damage,** avoid any contact with mercury or harsh acids. It will be permanently discolored. Be sure to remove your jewelry before coming into contact with these harmful chemicals.

**To safeguard against breakage or nicks,** always remove your jewelry before engaging in sports or heavy labor. Quality gemstones and precious metals cannot stand abuse of this nature. Treat your Herff Jones College Class Jewelry as you would any fine jewelry. But remember, when you remove your jewelry, store it carefully and do not leave it unprotected.

**A very small number of people may experience a reaction between their skin oils and quality jewelry products,** which may result in a discoloration of their skin. This can generally be avoided by cleaning the jewelry more frequently, as described above.

**Give your jewelry the care it deserves, for years of wearing it with pride.**
